

Job Description

Staffordshire University Services Ltd

Job title	Technical Specialist: Simulation (TS19-16i)
School/Service	Technical Services
Normal Workbase	Stoke / Stafford / Shrewsbury campuses
Tenure	Permanent
Grade/Salary	Grade 6
FTE	Full Time, 37 Hours per week (1.0 FTE)
Date prepared	July 2020

Job Purpose

To provide assistance across a range of technical provision supporting the teaching delivery, student learning, research, and enterprise work in the area of Simulation Based Education within Healthcare and across other technical areas as required.

Relationships

Reporting to: Technical Services Manager – Health & Clinical Skills

Responsible for: N/A

Main Activities

- To provide effective high-level clinical and specialist technical instruction, support and advice to staff and students across a range of Simulation Based Education technologies and Clinical Skills practice.
- To work independently and/or alongside other colleagues in delivering detailed simulation inductions, core and advanced simulation skills sessions and to provide superb student supervision and guidance.
- To provide specialist advice and guidance in the setting up of simulation technologies labs for timetabled teaching sessions, open access, research, open days, schools and colleges, offer holder, as well as all STEM/Outreach events.
- To provide and support delivery of training sessions using simulated practice and learning such as clinical skills (part-task trainers), life support, formative & summative assessment or in-situ simulation.
- To create moulage/ special effects make-up to apply to the manikins and actors working as simulated patients to enhance the realism and the clinical accuracy of individual scenarios.

- Undertake the scenario coding (programming) and subsequent operation of human patient simulators, part task trainers and other modes of simulation, such as virtual or augmented reality using specific software and hardware to ensure the quality and realism of the simulation is achieved.
- To monitor and undertake all preventative and first line corrective maintenance of standard and bespoke simulation equipment.
- To liaise closely with academic and other technical staff in relation to simulation teaching facility developments and technical support requirements.
- To undertake ongoing formal assessment of academic staff competence of using simulation resources and the effectiveness of skills instruction delivery techniques, including verification of understanding and attendance.
- To undertake routine calibration, configuration and operation of specialist and non-specialist technical equipment.
- To develop and maintain handouts or guides on the correct use of specialist technical resources and/or to help demonstrate good skill techniques.
- To assist in the management of resources including recommendations for improvements, the preparation of orders, ordering/issue of consumable materials, associated stock, storekeeping tasks, and administration of inventories.
- To assist with the planned preventative maintenance, repair and servicing including problem solving related to specialist clinical skills technical equipment.
- To identify new simulation technological developments and distribute knowledge within the team, making recommendations and suggestions to the Technical Services Manager on future investment needs within the simulation technical areas.
- To ensure that Health and Safety legislation and regulations are adhered to and that simulation technical areas are kept in a safe and orderly state at all times, including facilitating the implementation of a Health and Safety policy and providing advice on safe working practices.
- To contribute to regular Health and Safety audits and/or inspections and write risk assessments for technical activities, as necessary.
- To encourage collaborative work between all technical teams across the University, building strong working relationships and promoting the effective use of simulation resources to ensure any shared objectives are achieved.
- To provide technical support for research projects as required.
- To assist with enterprise and commercial work by providing technical knowledge and skills when required and promoting University facilities for enterprise activities.
- To assist in the delivery of technical cover when dealing with external consultancy.
- To undertake continuous Professional Development in order to ensure a current awareness of developments within Simulation is maintained.
- To provide support cover across other technical subject areas as and when required, according to individual technical expertise.
- To proactively engage in and fully support any initiatives introduced to raise the profile of the technical team.
- To provide support when required on University Open Days, recruitment events, as well as any Simulation based activities, including evening and weekend working.

- The role holder is required to minimise environmental impact in the performance of their role and to actively contribute to the delivery of the University's Environmental Sustainability Policy.
- To undertake other such responsibilities as may reasonably be required.

Special Conditions

The role holder will be required to travel between sites from time to time in a cost-effective manner, which may be through the use of a car.

There will be a need for the post holder to work evenings and occasional weekends to cover course requirements, marketing, and recruitment activities.

Professional Development

The organisation is keen to support staff in achieving high standards and will expect continuous professional development to ensure up to date knowledge and technical skills in related areas.

Variation to Job Description

The employer reserves the right to vary the duties and responsibilities of its employees within the general conditions of the Scheme of pay and conditions and employment related matters. Thus, it must be appreciated that the duties and responsibilities outlined above may be altered as the changing needs of the service may require.

Conditions of Service

If you are successful in being appointed to a professional support role at Grades 1-6, you will be employed by Staffordshire University Services Limited (SUS Ltd).

Staffordshire University Services Limited is a wholly owned subsidiary company of Staffordshire University which provides professional support staff to undertake various roles and responsibilities associated with grades 1 to 6 on the Staffordshire University pay scale. You will work alongside, and under the direction of colleagues, within the University's Schools and Services in the delivery of our University Plan and supporting KPIs. You will be subject to Staffordshire University's policies and procedures and will be eligible to participate in the Staffordshire University Pension Scheme.
